Waukesha Civic Theatre

The Civic Theatre has a lot of new shows this spring. "The Bridges of Madison County" features Francesca Johnson, a beautiful Italian woman who married an American soldier to flee war-ravaged Italy, looking forward to a rare four days alone on her Iowa farm as her family heads to the 1965 State Fair. When ruggedly handsome National Geographic photographer, Robert Kincaid, pulls into her driveway seeking directions, though, what happens in those four days may alter the course of Francesca's life.
